Cedar Hill, Texas • karlalejes0@outlook.com • 8173039168 • theardesigns.netlify.app

Bilingual professional with a background in Industrial Design, Digital Art and Design. Experienced in project coordination, strategic visual communication, and the development of initiatives that foster community engagement and cultural impact. Skilled in planning and managing multidisciplinary projects, developing communication campaigns, creating educational and promotional materials, and collaborating with diverse teams to achieve organizational goals. Adept at translating complex ideas into accessible, user-centered solutions through design thinking and strategic problem-solving. Recognized for strong organizational, leadership, analytical, and interpersonal skills, with a passion for supporting multicultural communities through innovative programs, cultural initiatives, and public service. Committed to strengthening community engagement and promoting meaningful connections between institutions and the people they serve.
